I have been using computers for almost 10 years and I have gained an excellent knowledge in all areas of design, computers and the internet.

Passionate about the industry and I am proud to be considered one of the top designers in Tijuana Mexico and to have achieved worldwide recognition for my work and collaborations.

I see one of my major strengths being my adaptability.

This adaptability can also be seen in my design work where I am able to handle any task I'm given, be it web, multimedia, motion, branding or print.
